

AV School Bus Services 2019/20

Terms and Conditions

AMADEUS Vienna offers a transportation service provided by the company BLAGUSS for Primary and Secondary students to get to and from school. It will operate on school days both in the morning and afternoon, to pick up and drop off students at their home. The shuttle will start within the first two weeks of September 2019.

MORNING The earliest pick-up time may be **6:30** based on the route schedule.

AFTERNOON Pick-up option 1 at **15:20** is available for students released after period 10.

Pick-up option 2 at **17:00** is available for students released after Additional School Activities (ASAs) and Music and Arts Academy (AMAA) lessons

Costs:

- The school bus service can only be booked for the entire school year however, students can join termly if spaces are available.
- The price for the school bus service covers the entire week (Mo – Fr) regardless if the service is not used each day. The total weekly price will depend on the number of passengers riding on each bus route. The more passengers on one bus route, the less the price per passenger will be. Therefore, a cancellation during the year is not possible to avoid an increase in the price for the remaining passengers.
- The final pricing will be announced once the registration period is closed and we can determine how many students will be on each bus route. For orientation purposes, please note that the prices for the return trip will range approximately from €2,600 – €4,150 per child per annum depending on the number of passengers on each bus.
- The pricing may vary between the pickup times depending on the number of children on each bus.

Rules of Conduct:

- We cannot allow any drinking, eating and playing with any material on the car for safety reasons (e.g. your child could choke on something as a result of an emergency braking) but also for hygienic reasons. Please be aware, that any damage to or staining of the vehicle beyond the normal extent might result in extra costs.
- It is the parent's responsibility to safeguard the student to the bus in the mornings and from the bus in the afternoons. On written permission, grade 1 students are also allowed to join and leave the bus on their own.

AV School Bus Services 2019/20

Please note:

- We cannot guarantee you will have a place on the shuttle. We will try to fit everyone in the schedule but the availability depends on your home address and the number of applicants for the service.
- The shuttle times are tightly measured since we don't want your child/children to spend more time on the bus than necessary. Please make sure to be punctual in order to prevent delays for the next families. The shuttle will not wait longer than 5 minutes at your home for your child when picking up or dropping of.
- Should your child not attend school, please inform the school office and the driver of the shuttle in advance of the pick-up. Also, the driver will contact you, should the shuttle be delayed.
- All schedule changes (e.g. Afternoon pick-up time, address, etc.) can only be implemented between terms. We will try to accommodate changes asap, but cannot guarantee implementation before the start of the next term.
- We will try to have all pick-up times as late as possible. However, depending on your address, a pick-up before 07:00h might be necessary.

Registration Form:

Please find the "AV School Bus Registration Form" for 2019-20 academic year [here](#).
