## *Sports at AMADEUS Vienna*

At AMADEUS Vienna, we accompany young individuals to reach their highest potential. For us, to 'accompany' means to walk alongside young individuals as they grow and develop. This allows students to make their own path while providing the right balance of support, challenge and inspiration. Achieving one's highest potential encompasses not only academic pursuits but also physical and overall well-being. With this mind, AMADEUS Vienna is continually expanding and enhancing the sporting programme, ensuring students achieve excellence both inside and outside the classroom.

Through the AMADEUS Sporting Programme, students can experience personal growth, leadership development, and health improvement. The programme emphasises the importance of teamwork, strategic thinking, responsibility, discipline, physical fitness, mind and spirit, all of which play a crucial role in shaping students into well-rounded individuals.

AMADEUS Vienna offers a wide variety of sports thanks to the cooperation with **Marswiese Sports Centre**. Located a few minutes from the School and embedded in an idyllic mountainous landscape, this exclusive facility offers a stimulating environment that nurtures both academic pursuits and overall well-being of students.
