

SIGNATURE EXPERIENCE PROGRAMME

SIGNATURE EXPERIENCE PROGRAMME

“Experience in life is the way we become wiser, more fulfilled, more interesting, flourishing, humans.”

We are delighted to present the upcoming **Signature Experience Core Programme (SEP Core) calendar**. Each grade will attend an age-appropriate trip tailor-made to their educational needs. These experiences aim to complement students' classroom work and further enhance their personal and social development.

The **SEP Core programme** is an essential part of our curriculum, covered by the school fees, and compulsory for all AMADEUS students. We aim to provide opportunities that develop the character of each and every student through rich and varied learning experiences that will stand them in good stead later in life.

Participation in these programmes will enable students to develop essential life skills, including greater independence, self-reliance, problem-solving, confidence and teamwork.

This is an overview of the SEP Core Programme. In addition to this programme, we will offer further trips and activities in the summer term.

For further information, please contact Emily Tomczak - Experiential Learning Coordinator.
